MAINE MINIMUM TAX WORKSHEET INSTRUCTIONS

Do you owe a Maine Minimum Tax?

Resident, nonresident and part-year resident individuals must complete the Maine Minimum Tax Worksheet to determine whether they owe a Maine minimum tax only if the total of Maine tentative alternative minimum taxable income ("AMTI") (federal Form 6251, line 28 plus Maine addition income modifications [see the Maine Minimum Tax Worksheet for line 2]) is greater than the applicable Maine minimum tax exemption amount shown below. Individuals not required to file federal Form 6251 must complete a pro forma to determine the federal alternative minimum taxable income amount for Maine purposes. Taxpayers that do not owe a Maine minimum tax are not required to file the Maine minimum tax worksheet with their Maine income tax return.

If your filing status is: _____ and Maine tentative Exemption is: _____
AMTI is not greater than:

Single or Head of Household	\$112,500*	\$33,750
Married filing Jointly		
or Qualifying Widow(er)	\$150,000*	\$45,000
Married Filing Separately	\$75,000*	\$22,500

*If the total of federal Form 6251, line 28 and Maine positive income modifications is greater than the income amounts shown in the table above, use the worksheet for line 4 to determine the applicable exemption amount.

If you exceed these thresholds, you must complete a Maine Minimum Tax Worksheet to determine whether you owe Maine minimum tax. See instructions and supporting worksheets attached or call (207) 626-8475.

Line 2. The income modifications that apply to the Maine regular tax also apply to the Maine minimum tax. See Worksheet for Line 2 and related instructions for a description of the Maine income modifications. **Enter only amounts not already added or subtracted in calculating federal alternative minimum taxable income. The amount you enter on line 2 may be either a positive or negative number.**

Line 4. Enter on line 4 the appropriate amount from the table at line 4 on the Worksheet. If line 3 is greater than the income amount in the table for your filing status, complete and attach the **Worksheet for line 4 (Maine Minimum Tax Exemption Worksheet)**.

Line 6. Use the following tables to calculate the Maine tentative minimum tax.

(For all taxpayers except married individuals filing separate returns)

If line 5 is:	The Tax is:
Not more than \$175,000	7.0% of the Maine alternative minimum taxable income
Greater than \$175,000	\$12,250 plus 7.6% of the excess over \$175,000

(For married taxpayers filing separate returns)

If line 5 is:	The Tax is:
Not more than \$87,500	7.0% of the Maine alternative minimum taxable income
Greater than \$87,500	\$6,125 plus 7.6% of the excess over \$87,500

Line 7. The **nonresident and part-year resident apportionment factor** is the amount of the taxpayer's *Maine-source* income included on line 3 **divided** by the *total* income on line 3.

MAINE MINIMUM TAX INSTRUCTIONS — Income Modification Worksheet for Line 2

Line 1. ADDITIONS to federal alternative minimum taxable income. Also include the taxpayer's distributive share of addition modification items from partnerships and S corporations. **Enter only amounts not already added in calculating federal alternative minimum taxable income.**

Line 1a. Income from municipal and state bonds, other than Maine. Enter the amount from Maine Schedule 1, line 1a. This is income from municipal and state bonds, other than Maine, that is not included in your federal alternative minimum taxable income. For example, enter interest from City of New York bonds on this line. However, do not enter interest from Portland, Maine bonds.

Line 1b. Net Operating Loss Recovery Adjustment. Enter any federal alternative minimum tax net operating loss carried to the tax year that has been previously used to offset addition modifications under the Maine minimum tax. Attach a schedule showing the alternative minimum tax loss and use of modifications. See example at right.

Line 1c. Maine State Retirement Contributions. Enter the amount of your 2006 Maine State Retirement Contributions from Maine Schedule 1, line 1c. To calculate this amount, subtract your federal wages from your state wages appearing on your 2006 State of Maine W-2 form. These contributions are tax deferred for federal tax, but are subject to Maine income tax.

Line 1d. Domestic Production Activities Deduction Add-back. Enter the amount claimed as a domestic production activities deduction on federal Form 1040, line 35.

The following example illustrates the NOL Recovery Adjustment:

Corresponding Line on Maine AMT Worksheet:	NOL Year 2006	Carryforward Years 2007 2008
Federal alternative minimum taxable income prior to NOL deduction	- 60,000	35,000 25,000
		<u>- 35,000</u> <u>- 25,000</u>
1. FAMTI after NOL deduction	- 60,000	0 0
2. ADDITION Modification 5122(1)(E)		
		<u>10,000</u>
Addition Modifications:		
2. Other	<u>10,000</u>	<u>10,000</u> <u>8,000</u>
3. Maine Adjusted Gross Income	-50,000	10,000 18,000

The original \$60,000 loss in 2006, all of which is carried forward for federal purposes, is allowed to offset Maine addition modifications in 2006. The amount of the federal NOL carryforward must, therefore, be reduced by the amount used in the loss year to offset addition modifications. In this example, \$10,000 of the federal NOL carryforward was used to offset Maine addition modifications in the year of the loss. Thus, the federal NOL carryforward is, for Maine purposes, reduced by an addition modification in 2008. For additional information concerning the NOL recovery adjustment, see www.maine.gov/revenue.

Line 1e. Section 179 Expense Add-back. Federal alternative minimum taxable income must be increased by the net effect of the increase in section 179 expense due to federal law changes in Section 202 of the federal Jobs and Growth Tax Relief Reconciliation Act of 2003, Public Law 108-27. The amount of this modification is determined by first recalculating the section 179 expense on federal Form 4562 exclusive of all section 179 expense increases. Enter on line 1e the difference between this recalculated section 179 expense amount and the original section 179 expense claimed for federal alternative minimum tax purposes. **If the difference is less than zero, enter zero.** Enclose both the actual and pro forma versions of federal Form 4562 with the Maine return. Property expensed under the provisions of section 179 at the federal level cannot be capitalized for Maine purposes. For more information and examples, go to the MRS web site at www.maine.gov/revenue (select Income Tax Guidance Documents).

Line 2f. Maine State Retirement System Pick-Up Contributions. Enter contributions paid to you in 2006 that have been previously taxed by the state under the Maine alternative minimum tax. Use this line only if you retired after 1988 and are receiving retirement benefits from the Maine State Retirement System (MSRS). To calculate the amount for this line, subtract the state taxable gross amount from the federal taxable gross amount shown on the check stub of your last pension check received from MSRS in 2006 (if you have a Form 1099-R issued by the Maine State Retirement System, subtract the amount in box 12 from the amount in box 2a). Include on this line MSRS rollover amounts previously taxed by the state under the Maine alternative minimum tax, whether or not included in federal alternative minimum taxable income.

Line 2g. Federal Work Opportunity Credit/Empowerment Zone Credit Deduction. Enter on this line the amount of the reduction in your salaries and wages expense deduction directly related to claiming the federal Work Opportunity Credit or Empowerment Zone Credit to the extent allowed against federal alternative minimum tax.
